38. Can doing good small things show your respect to your parents? (Give an example) NY When early humans hunted and collected food, they could not control their environment. They could live in their environment like other animals. When humans learned to make fire, however, they became skillful at changing their environment. To provide themselves with fuel, they cut trees and made fires. Parts of forests were changed to lands to increase the growth of grass and to provide a greater area for the animals that humans ate as their food. This improvement ended in farming and also keeping animals as sources of human food. Fire also provided the means for cooking plants which were not used before. After meeting the simple need for food, early humans began to follow other goals such as founding the cities and living in larger groups.		who are important to or act badly toward provided your must care for every little thing. You the world, your pareneed or want. Telling The easiest way to and what they do. You clean the kitchen after your acts of kindness he is at his job. For the True / False 33. We respect those 34.
